

## NOPEL SHOP WAR

Governor Allen Doesn't Worry Over Labor Troubles.

Industrial Court Will Protect Contracts, He Says.

## PREDICTS ACTION BY CONGRESS

Federal Industrial Law Is Coming Within Six Years.

Gompers Will Bluff It Out Now, Allen Believes.

Kansas need have no fear of an open shop war, according to Governor Allen. The governor believes the industrial court act may be invoked in a manner that will save the industrial organizations and labor unions from serious differences. He said today that the present unrest would meet a solution in ultimate passage of a federal industrial court law.

The governor does not believe threatened industrial troubles will occasion serious unrest in the nation. Many states, he said, would this winter seek relief through passage of a law similar to the one written in Kansas six years ago. "I don't believe the open shop war will be as big a problem as painted," said the governor. "This is particularly true of the middle western states. The Kansas industrial court law may readily be invoked to safeguard contracts and protect the labor in this state. Nebraska has already provided for a similar law through her constitution. I don't believe the open shop war will be as big a problem as painted."

Gompers May Bluff It. "While a federal industrial court law will be proposed during the coming session of congress, it may take six years—maybe more—to get it through congress. But as the various states take up the issue, new strength will be given in congress and we will get a federal enactment in a few years."

## MAY EMBROID U. S.

Murder of Red Cross Captain by Russ Reds Reported.

Doubt Expressed if Any Action Will Be Taken.

London, Nov. 10.—Complications between the United States government and the Bolsheviks were foreseen today as a result of the reported murder of Capt. Emmett Kilpatrick, Uniontown, Pa. Red Cross man by 121 raiders near Salvador station.

A dispatch from Sebastopol, headquarters of the anti-Bolshevik leader, Baron von Wrangel, said that Kilpatrick and two other Red Cross men had been slain by Cosacks, believed to be part of the command of General Budnyk, which took such a prominent part in the operations against Poland. The bodies were said to have been marked by crucifixes.

There was considerable doubt here as to what action if any, might be taken by the United States government. The American government has never before taken any action against the Bolsheviks in this manner.

The immediate result of the report of the raid on Kilpatrick and his companions was fear that other Red Cross workers elsewhere might be killed. The Red Cross has a large number of workers stationed at points where they might be cut off by Bolshevik raiders.

Steven A. Vencar of Albany, N. Y., and J. D. Redding, Baltimore, Md., Red Cross workers, apparently narrowly escaped death in the Cosack raid, according to advices from Sebastopol. They were in another part of the town and remained concealed until the raiders had departed. The names of the other two Red Cross workers reported slain were not given.

## NEW MEMBERS OF HOUSE

In Legislature This Winter Sixty-Three New Faces Lower Branch.

There will be sixty-three new members of the Kansas house this winter. Many of the former members were returned in recent elections, while several new state senators were graduated from the house. Four women, three Republicans and one Democrat—will be in the house.

Late returns show the election of Miss Nellie Cline of Pawnee county to the legislature. She is a Democrat. Three Republican women—Mrs. Minnie J. Crutcher of Seward county, Mrs. Ida M. Walker, Norton county, and Mrs. Minnie J. Minnich of Sumner county, were defeated in their respective districts.

The new house, as it appears at the present time, will be composed of 113 Republicans and 12 Democrats. The voters sent 116 Republicans and 15 Democrats to the house in 1918. The present majority of 101 is one of the largest ever held by any party in a Kansas legislature.

## BANKS CLOSE THURSDAY

The banks of Topeka will close all day Thursday due to the Armistice Day celebration.

## ROLL CALL WORKERS

Red Cross Appointees Who Will Solicit Memberships Beginning Tomorrow Morning.

Business District—Miss Nellie Clough, chairman.

## TOPEKA THURSDAY

Attorneys Argue King Case This Afternoon.

Time Limited to Four Hours for Each Side.

## JUDGE INSTRUCTS THE JURY

State Tries to Discredit Deposition by Defense.

Spectators Must Make No Demonstration in Trial.

Lyndon, Kan., Nov. 10.—Arguments of attorneys in the King case started at 1:30 o'clock this afternoon. A time limit of four hours has been set for each side. The judge instructed the jury to begin its deliberations in the case early tomorrow afternoon.

Hungate Opens Argument. Otis Hungate opened the argument for the state. He was followed by John Martin, county attorney of Washington county. The first argument for the defense was by Sen. C. E. Carroll of Alma, followed by J. J. Schenck. A. E. Crane of Topeka will close for the state tomorrow morning.

Judge Helzer instructed the spectators that they must be in the court room not later than 1:30 o'clock if they wished to hear the arguments. He also declared that they must make no expression of approval or disapproval while the attorneys were talking.

On Four Counts. Rufe King is charged with the murder of John Woody on four counts. The first charge is that of shooting; second, stabbing with a knife; third, strangling; and fourth killing in an unknown manner.

It is believed that if King is found guilty the findings will be made on the third or fourth counts. Under the instructions of the court the jury can return only one of two verdicts—either murder in the first degree or murder in the second degree.

The defense rested its case at 4 o'clock Tuesday afternoon. Following this the state put on six witnesses in full view of the jury. The narrow margin of the jury was the reputation for truth and veracity of John Phipps, a former citizen of Topeka and from whom a deposition was introduced by the defense, was bad.

In its rebuttal testimony the state called the following witnesses: Fred Johnson, merchant; W. H. Schwall, veterinarian; John Finney, farmer; P. H. Will, liveryman; Frank G. Farmer, and Harry Kossow, carpenter.

They Were Displaced. On cross examination of these witnesses, J. H. Schwall, attorney for the defense, brought out the fact that each of them were somewhat displeased because Phipps had testified in favor of King.

When the cross examinations took place, Johnson admitted that he used to shoot craps, but said he had reformed. Schwall said he had not quit as yet. Johnson admitted that he at one time was a gambler. Schwall admitted that he had contributed money to the cause of the trial of King and that he tried to dissuade Sen. C. E. Carroll from taking King's case.

Mrs. King on Stand. Mrs. Rufe King was the last witness to testify on behalf of the defense. She proved to be a strong witness. Her testimony followed very closely the statements made by her husband. She was subjected to a long cross examination, she did not appear frustrated at any time.

Mrs. King told of John Woody leaving the King home one morning, the defense brought out the fact that she was told by King's sister, Mrs. Mattie Cooper, the day before. She said that some time after Woody left the King home, she saw him in the neighborhood of the King home. She said that Dawson Woody, the boy's father, refused to let King have the saddle.

Another Legal Tilt. At this point in the trial the state objected to the testimony of Mrs. King on the ground that she was not a competent witness. The state argued that she was not a competent witness because she was not a resident of Topeka at the time of the murder.

When Mrs. King resumed her testimony she said that the first time she saw Reuben Guthrie was one winter night when they were living in the Adams property, just following the time they left the central office at Marble Hill. Guthrie, she said, came to the King home at night and wanted King to buy his property. King offered him \$150, which he accepted after some hesitation. She said Guthrie remained over night and left the next morning and that was the last she had ever seen of him.

Big Masonic Class. This is Second Day of Fifty-Fifth Reunion of Scottish Rite.

Finishing the work in the fifteenth to nineteenth degrees of Masonry in the Unity chapter of the Knights of the Rose Croix, this evening the Scottish Rite Masons will commence work on the conferring of degrees in the new Reuben Guthrie building.

Physicians said the shooting was due to a mental disorder caused by an attack of epilepsy. The boy, Duval, shot himself and slashed his throat with a razor.

Twenty Koreans Killed. Japanese Troops Destroy Mission and Native School.

Tokio, Nov. 9.—Twenty Koreans were killed and one mission and one native school were destroyed by Japanese troops October 30 near Kang Tehing Shun, Korea, according to a foreign office statement today.

The Japanese industry engaged the Koreans after reports had been received that the mission was contributing funds to the Korean insurgent movement.

## Fish and Mosquito Bites

Cause President-Elect To Forego His Golf Clubs

First Big Fish Pulled in by Mrs. Harding Today—Measured Five Feet Nine Inches, Foot and Four Inches

Longer Than One Pulled in by President-Elect.

Point Isabel, Tex., Nov. 10.—Senator and Mrs. Harding caught their first tarpon today. Senator Harding's fish measured four feet five inches. The fish which Mrs. Harding caught measured five feet nine inches.

The senator battled fifteen minutes before he landed his tarpon. Mrs. Harding struggled thirty minutes to land her fish.

Sheriff of Point Isabel, who carries an imposing revolver hung in full view of the inhabitants, said a stamp in profiteering here today. When prices of the lone restaurant were jacked up over hundred per cent on the Harding party, there were rumblings of a soviet outbreak. These got to the sheriff, who hurried over and arrested a few of the profiteers. Prices were lower at the next meal.

Preparations are being made for a large celebration at Point Isabel tomorrow. Senator Harding will speak in the afternoon, going to the celebration by the little narrow gauge railroad. The lone train on this line is made up of two cars, one carrying an automobile engine mounted on the front and a passenger car in the rear. The other car holds a motive power. The other car holds a motive power.

After firing the shots, Johnson dropped the gun and ran. Jacob Heiserman came out of the house and gave chase.

Johnson approached a window of the house, saw the family seated at the table and opened the door. He fired six shots; one shot wounding the daughter, Faye, in the arm and another taking effect in the grandmother's neck.

## LIKE ADME NOVEL

Details of Murder Plot Concocted by Almira Boy.

Hired Another for \$200 to Wipe Out Whole Family.

## ATTEMPT WAS UNSUCCESSFUL

Would-Be Assassin, 17, Only Wounded Two Persons.

His Employer Wanted to Inherit the Property.

Norton, Kan., Nov. 10.—An unsuccessful attempt by a youthful hired assassin to wipe out five members of a family at Almira, on the sixth night of the state came to light here today. Details of the alleged plot reveal that of a dime novel or a wild west movie.

Carl Johnson, age 17, made an unsuccessful attempt last Tuesday night to murder an entire family of five at Almira, near here, according to charges filed in the district court here. He was to receive a fee of \$200 for performing the act, according to an alleged confession, which involves an 18-year-old son of the victim.

According to the alleged confession, Elmer Heiserman, 18, agreed to pay Carl \$200 for killing his father, Jacob Heiserman, and his mother, Mrs. Heiserman, and his brother, Mrs. Sharp, and his brother. The family was to inherit the estate, it is alleged.

Johnson entered the house and ran. Jacob Heiserman came out of the house and gave chase.

Johnson approached a window of the house, saw the family seated at the table and opened the door. He fired six shots; one shot wounding the daughter, Faye, in the arm and another taking effect in the grandmother's neck.
